RE: INDUSTRIAL ATTACHMENT 2026/2027 ACADEMIC YEAR

Attachment Letter for : Jeremiah Kubarwa N02422140P

I do hereby confirm that Jeremiah Kubarwa is a bona fide National University of Science and Technology student, studying towards a degree in Computer Science and due to undertake attachment from June 2026 up to 2027.

We would be grateful if you could assist the student with a position to undertake Industrial Attachment and we have no doubt that the student will perform to their best in assigned activities. We can, therefore, confidently recommend the student for the industrial attachment programme at your organization. Your continued support is greatly appreciated.

Should you need further information on the matter please do not hesitate to contact the undersigned

Yours faithfully

MRS NAMATIRAI MARABADA

**Industrial Attachment Coordinator
COMPUTER SCIENCE DEPARTMENT**

Location: Gutu, Zimbabwe

PROFESSIONAL SUMMARY

Motivated Computer Science student seeking an industrial attachment opportunity to apply programming and software development skills in a real-world environment. Strong interest in building efficient software solutions, problem-solving, and collaborating in team-based environments.

EDUCATION

Bachelor of Science (Honours) in Computer Science
National University of Science and Technology | Expected Graduation: 2028

Advanced Level (A Level)

Gutu High School | 2023
Subjects: Mathematics, Computer Science, Statistics

Ordinary Level (O Level)

Gutu High School | 2021
10 passes including Mathematics, English, and Science

TECHNICAL SKILLS

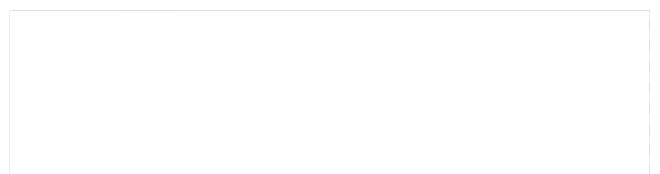

Programming: Python, HTML, CSS

Tools & Technologies: Git, GitHub, VS Code, Django

PROJECTS

Portfolio Website

- Developed a personal portfolio website to showcase technical projects, skills, and achievements.
- Designed a clean, responsive user interface for optimal viewing across devices.

E-Commerce Web Application (Django)

- Built a full-stack web application using Django with secure user authentication and product management features.
- Implemented CRUD operations for products and users, along with a responsive front-end design.
- Structured backend using Django ORM for efficient database handling.

Campus News Mobile App (Flutter & Dart) — Team Project

- Collaborated within a development team to build a cross-platform mobile application delivering real-time campus news and updates.
- Contributed to UI development and feature implementation using Flutter and Dart.
- Participated in version control, testing, and iterative improvements to enhance user experience.

Kilobyte Notebook (Django)

- Developed a web-based note-taking application enabling users to create, edit, and manage notes efficiently.
- Implemented user authentication and personalized dashboards for secure data access.
- Designed backend logic and database models using Django framework.

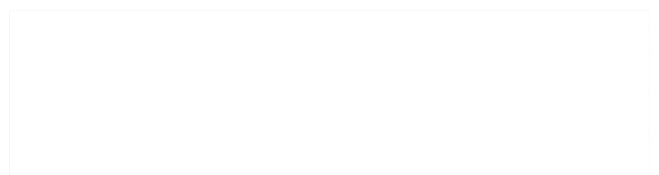

SOFT SKILLS

Problem-solving, Teamwork, Communication, Time Management, Adaptability
